

## **INCREASED COVERAGE A LIMIT NO PRIVATE STRUCTURES**

This policy is amended to include the following "terms". All other "terms" of the policy apply, except as amended by this endorsement.

"You" may add an amount equal to the "limit" shown on the "declarations" for Coverage B -- Related Private Structures to the "limit" shown on the "declarations" for Coverage A -- Residence.

This applies only when the combined replacement cost of all detached related private structures on the "described location", excluding fences, driveways, sidewalks, and inground pools, is less than \$1,000.

This does not reduce the "limit" that applies to Coverage B.
