## PROPERTY COVERAGES

---

For the purposes of the coverage provided by this endorsement, the following coverages are added only if a "limit" is shown on the "declaration" for that coverage, subject to the "limits" and sublimits indicated in the SCHEDULE above:

**A. Dwelling**

"We" cover against "direct physical loss by or from inland flood" to the dwelling, used primarily for residential purposes, on the "described location". The dwelling includes an attached garage.

**B. Private Structures**

"We" cover against "direct physical loss by or from inland flood" to private structures on the "described location" that are not attached to a dwelling. This includes structures connected to the dwelling by only a fence, utility line or similar connection.

**C. Personal Property**

**1. "Basement Personal Property"**

"We" cover against "direct physical loss by or from inland flood" to "basement personal property".

**2. Other Personal Property**

"We" cover against "direct physical loss by or from inland flood" to covered personal property, other than "basement personal property", located at the "described location" at the time of the "flood occurrence".

## **D. Additional Living Costs And Fair Rental Value**

### **1. Additional Living Costs**

If a "direct physical loss by or from inland flood" makes that part of the "described location" where "you" reside not fit to live in, "we" cover any necessary increase in living costs incurred by "you" so that "your" household can maintain its normal standard of living.

### **2. Fair Rental Value**

If a "direct physical loss by or from inland flood" makes that part of the "described location" rented to others or held for rental by "you" not fit to live in, "we" cover the loss of rent of such location less any expenses that do not continue while it is not fit to live in.

The sublimit shown in the SCHEDULE for Additional Living Costs And Fair Rental Value is the total sublimit provided for this coverage.

Payment for Additional Living Costs And Fair Rental Value will be for the shortest time required to repair or replace the damage. The periods of time under **1. Additional Living Costs** and **2. Fair Rental Value** are not limited by expiration of this policy.

## **E. Debris Removal**

"We" pay the reasonable expense to remove any owned and non-owned debris from the "described location" if caused by a "direct physical loss by or from inland flood". This coverage does not increase the limit of liability that applies to the covered property.

## **F. Property Removed to Safety**

"We" insure against "direct physical loss by or from inland flood" to covered property removed from a "described location" endangered by a "flood occurrence". "We" will also pay for the reasonable expenses "you" incur to move covered property to safety. The personal property that is moved must be placed in a fully enclosed structure or otherwise reasonably protected from the elements. This coverage shall only apply for the first 30 days from the date such property is removed from the "described location". This coverage does not increase the limit of liability that applies to the covered property.

"We" pay up to \$250 for a towing charge to move a covered mobile home that is in danger from a "flood occurrence". No deductible applies to this expense.

## **G. Bacteria, Fungi, Wet Rot, Or Dry Rot**

- 1.** The amount shown in Paragraph **G.3** below is the most "we" will pay for:

  - b.** The cost to remove bacteria, "fungi", wet rot, or dry rot from property covered under this endorsement;
  - c.** The cost to tear out and replace any part of the building or other covered property as needed to gain access to the bacteria, "fungi", wet rot, or dry rot; and
  - d.** The cost of testing of air or property to confirm the absence, presence or level of bacteria, "fungi", wet rot, or dry rot whether performed prior to, during or after removal, repair, restoration or replacement. The cost of such testing will be provided only to the extent that there is a reason to believe that there is the presence of bacteria, "fungi", wet rot or dry rot.
- 2.** The coverage described in Paragraph **G.1.** above only applies when such loss or costs are a result of a "flood occurrence" that occurs during the policy period and only if all reasonable means were used to save and preserve the property from further damage at and after the time the "flood occurrence" occurred.
- 3.** **\$10,000** is the most "we" will pay for the total of all loss or costs payable under this coverage regardless of the number of locations insured under this endorsement; or number of claims made.

4. If there is covered loss or damage to covered property, not caused, in whole or in part, by bacteria, "fungi", wet rot, or dry rot, loss payment will not be limited by the "terms" of this Coverage, except to the extent that bacteria, "fungi", wet rot, or dry rot causes an increase in the loss. Any such increase in the loss will be subject to the "terms" of this coverage.

This coverage does not increase the limit of liability applying to the damaged covered property.

"We" do not cover land, including land on which the dwelling or private structures are located.

This exclusion does not apply to the extent that coverage is provided for in **PROPERTY COVERAGES, G. Bacteria, Fungi, Wet Rot, or Dry Rot** with respect to loss caused by a "flood occurrence".
- E. We do not insure for loss, damage or expense caused directly or indirectly by:
1. The pressure or weight of ice;

In no event will "we" pay more than the applicable "limits" indicated in the SCHEDULE.
