

# Expanded Church Coverage Limits

**FMT has expanded Coverage A limits on church policies—giving agents more flexibility when placing today’s church risks.**

**Preferred Policy**

Coverage A – **Up to \$400,000**

**Standard Policy**

Coverage A – **Up to \$365,000**

These expanded limits allow you to confidently place churches that previously exceeded program thresholds—while still working with a carrier that understands rural communities and faith-based organizations.

As always, FMT offers direct access to underwriters, quick decision-making, and a relationship-driven approach that helps you serve your clients with confidence.
